SW10

Skid Steer Loader

Versatility is the real driver of this machine

Versatile, compact and powerful, the SW10 wheeled skid steer loader is designed to for a variety of construction projects. The SW10 is the perfect fit for landscape projects, light site work, grading and general material handling. Under 2 tonnes weight the unit can easily be towed to and from the job site helping to ensure a profitable project for the owner every time.

Highlights

- Ergonomically designed operators platform
- Hydrostatic power
- Daily maintenance made easy

Technical Data

Hydraulic

Flow rate	32.0 l/min
Flow rate max.	32.0 l/min
Auxiliary hydraulics relief pressure	180.0 bar

Mechanical - Output Details

Breakout force - tilt	930.0 kN
Breakout force - lift	1,030.0 N
Tractive Effort max. at 100% effective force	1,181.0 N
Travel speed stage 1	9.0 km/h

Mechanical Details

Overall Length without bucket	2,283.0 mm
Overall Length with Bucket	2,979.0 mm
Overall width without bucket	1,250.0 mm
Overall height to top of ROPS	1,925.0 mm
Bucket Hinge Pin Height	2,717.0 mm
Maximum bucket roll back at ground	25.0 °
Bucket roll back at maximum height	96.0 °

Angle of departure	26.0 °
Bucket dump height at maximum height	2,080.0 mm
Bucket dump angle at maximum height	40.0 °
Operating weight	1,995.0 kg
Underclearance	200.0 mm
Dump reach at maximum height	3,470.0 mm

Engine

Operating power	18.5 KW
Operating Engine speed	2,300.0 1/min
Engine Manufacturer	Kubota
Engine Designation	V1505

Operating Fluids

Fuel Tank capacity	45.0 l
--------------------	--------

Chassis

Tip Load	860.0 kg
Rated Operating Capacity at 50% Tip Load	430.0 kg
Rated Operating Capacity at 35% Tip Load	300.0 kg
